Q-WIRE

Power Supplies Accessories

Stranded type “NM” (Non-metallic wire) for outdoor, indoor, underground, including direct burialand residential (single dwelling indoor) applications. Q-Wire is a great solution for both low voltage and line voltage applications. Design to work flawlessly with other QTL products, the Q-Wire will greatly simplify any installation and will meet any lighting need.

PART NUMBER BUILDER

Product	Size	Length
QW	14/2 12/2 10/2 12/2+GND	Reels of wire = 500ft

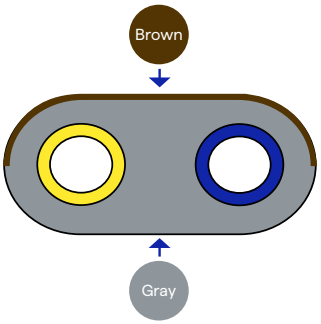

FEATURES

- Stranded conductors have separate internal jackets for improved strength.
- Size: 14/2 AWG, 12/2 AWG, 10/2 AWG, 12/2+GND AWG.
- Color coded in bright blue and bright yellow.
- Tough, UF Outer Jacket.
- Stranded conductors with Tin coating for corrosion resistance.
- Innovative shape allows for water tight guarantee with QTL’s Q-CLIK fittings.
- Two color outer jacket, brown or gray, allows the Q-Wire to blend into the environment and White, Black and Green interior jacketed wires for AC applications.
- UF-B 90C 600V Sun Resistant – 105C Material.
- 2 conductor wire. Use ampacities of 60C rated conductors.

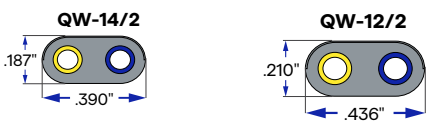

- SPOOL = 500FT
- Please call for small spool sizes. Buy 2 spools, get 1 wire stripper free!

ACCESSORIES

Q-CLIK

Water Tight fitting for entry in and out of QTL housing.
(Ranges in sizes and capacities)

Q-TWO

Direct burial LV wire to wire splice connector.

Q-CLIK insert

US PATENT NO. 20090288877
(Ranges in sizes and capacities)

WIRE STRIPPER

UF cable outer jacketstrip tool.
